Professional Summary

Backend Developer skilled in **Java, Spring Boot, SQL, and REST APIs**. Experienced in designing scalable, secure applications with basic frontend knowledge (**HTML, CSS, React js**) and tools such as **Git, Postman**. Currently exploring **Microservices** and **Cloud Deployment**.

Education

B.Tech in Artificial Intelligence & Data Science 2022-2026
Sri Manakula Vinayagar Engineering College, Puducherry
CGPA: 7.91

Higher Secondary Education (HSC) 2020-2022
Petit Seminaire Higher Secondary School, Puducherry
Percentage: 72.33%

Technical Skills

- **Languages:** Java, SQL, Python
- **Frameworks:** Spring Boot, Spring Security, Hibernate
- **Frontend:** HTML, CSS, React js
- **Database:** MySQL
- **Tools:** Git, Postman
- **Concepts:** REST APIs, OOP, DSA, System Design

Projects

Banking System — *Java, Spring, SQL*

Developed the complete backend for a banking management system using Spring Boot. Implemented RESTful APIs to handle core banking operations such as account creation, balance inquiry, fund transfer, and transaction history. Designed a secure authentication and authorization system using Spring Security and JWT. Integrated MySQL for persistent data storage and managed database relationships with JPA/Hibernate. Ensured modularity and scalability through layered architecture (Controller-Service-Repository). Tested endpoints with Postman and maintained version control using Git.

Employee Leave Management System — *Java, Spring Boot, MySQL, REST API*

Developed a Leave Management System using Java and Spring Boot to automate employee leave requests, approvals, and notifications. Designed and exposed REST APIs for user roles (Admin, Manager, Employee) to handle leave submission, status tracking, and history. Integrated MySQL for data persistence and implemented Spring Security for authentication and role-based access control. Automated email notifications using JavaMail API and optimized backend logic for scalability and maintainability.

Certifications

- AICTE Internships – Data Science
- Infosys Springboard – Python, Machine Learning, NLP
- Great Learning – HTML, CSS, C, Excel
- SkillRack – SQL, Python, DSA

Soft Skills

Problem Solving — Logical Thinking — Adaptability — Time Management
